INDEPENDENT AUDITOR'S REPORT

Board of Directors
Southern Illinois University Foundation
Carbondale, Illinois

Report on the Financial Statements

We have audited the accompanying financial statements of Southern Illinois University Foundation (Foundation), which comprise the Statement of Financial Position as of June 30, 2020, and the related Statements of Activities, Functional Expenses, and Cash Flows for the year then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Foundation's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Foundation's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the Foundation, as of June 30, 2020, and the changes in net assets and its cash flows for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Prior Period Financial Statements

The financial statements of Southern Illinois University Foundation as of and for the year ended June 30, 2019 were audited by other auditors whose report dated October 16, 2019, expressed an unmodified opinion on those statements.

SOUTHERN ILLINOIS UNIVERSITY FOUNDATION

NOTES TO FINANCIAL STATEMENTS

June 30, 2020 and 2019

1. NATURE OF OPERATIONS AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Nature of Operations

The Southern Illinois University Foundation (Foundation) was established in 1942 to solicit, receive, hold and administer gifts from private sources for educational purposes. The Foundation is a not-for-profit corporation which exists solely to provide alumni and other friends a means to invest in and further the mission of Southern Illinois University (SIU). These financial statements include all financial activities over which the Foundation exercises direct responsibilities.

The Foundation is a designated Section 501(c)(3) organization with appropriate approval from the Internal Revenue Service to issue tax-deductible receipts for private gifts received to support SIU.

A summary of significant accounting policies consistently applied in the preparation of the accompanying financial statements follows.

Basis of Presentation

The financial statements of the Foundation have been prepared in accordance with U.S. generally accepted accounting principles (US GAAP), which require the Foundation to report information regarding its financial position and activities according to the following net asset classifications:

Net assets without donor restrictions – Net assets that are not subject to donor-imposed restrictions and may be expended for any purpose in performing the primary objectives of the Foundation. These net assets may be used at the discretion of the Foundation's management and the board of directors.

Net assets with donor restrictions – Net assets subject to stipulations imposed by donors and grantors. Some donor restrictions are temporary in nature; those restrictions will be met by actions of the Foundation or by the passage of time. Other donor restrictions are perpetual in nature, whereby the donor has stipulated the funds to be maintained in perpetuity.

Donor restricted contributions are reported as increases in net assets with donor restrictions. When a restriction expires, net assets are reclassified from net assets with donor restrictions to net assets without donor restrictions in the statement of activities.

SOUTHERN ILLINOIS UNIVERSITY FOUNDATION
NOTES TO FINANCIAL STATEMENTS (Continued)

1. NATURE OF OPERATIONS AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues, expenses, gains, losses and other changes in net assets during the reporting period. Actual results could differ from those estimates.

Cash

At June 30, 2020 and 2019, the carrying amount of the Foundation's deposits with financial institutions was \$482,290 and \$203,361, respectively, and the bank balances were \$868,266 and \$426,372, respectively.

Custodial credit risk is the risk that in the event of a bank failure, the Foundation's deposits may not be returned to the Foundation. The Foundation does have a policy to require banks to collateralize balances over the FDIC insured amount. At June 30, 2020 and 2019, the Foundation's deposits with institutions were either federally insured or collateralized by pledged bank assets in the Foundation's name.

Receivables

Unconditional promises to give (pledges) are recorded as an asset and contribution in the period in which they are received. Conditional promises to give are recorded in the period in which the conditions have been met or it is deemed that it is remote that the condition will not be met. Matching gift expectances are not accrued as receivable but are recognized upon receipt.

Promises to give that are collectible beyond one year are recorded at fair value of their estimated future cash flows. All pledges are presented net of an allowance for doubtful collections. Management calculates the allowance based upon collection history of prior contributions receivable.

Estate receivables in liquidation expected to be collected within one year are recorded at their estimated net realizable value.

Beneficial interests in trusts which are held by a third party are recognized in the period in which the Foundation was notified of its ownership. The Foundation's beneficial interest is recorded at fair value. Subsequent adjustments to fair value are based on information provided by the third-party trustee.

Other receivables are stated at the amount which is expected cash flows.

SOUTHERN ILLINOIS UNIVERSITY FOUNDATION
NOTES TO FINANCIAL STATEMENTS (Continued)

1. NATURE OF OPERATIONS AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Investments and Net Investment Return

Investments are stated at fair value. Investment activity is recorded on the trade date. The fair value of all debt and equity securities with a readily determinable fair value are based on quotations obtained from national securities exchanges. The alternative investments (hedge funds, limited partnerships and other private equity) for which quoted market prices are not available, are recorded at net asset value (NAV), as a practical expedient, to determine fair value of the investments. Realized gains and losses on sales of investments are determined on the specific identification basis. Investment return includes dividend and interest income; realized and unrealized gains and losses on investments; and investment fees.

Net investment return is reflected in the statements of activities as without donor restrictions or with donor restrictions based upon the existence and nature of any donor or legally imposed restrictions.

Investment securities are exposed to various risks including, but not limited to, interest rate and market and credit risks. Due to the level of risks associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term. Because the hedge funds and limited partnerships are not readily marketable, their estimated fair value is subject to uncertainty and therefore may differ significantly from the values that would have been used had a ready market existed.

The Foundation maintains pooled investment accounts for its endowments. Investment income and realized and unrealized gains and losses from securities in the pooled investment accounts are allocated monthly to the individual endowments based on the relationship of the fair value of the interest of each endowment to the total fair value of the pooled investments accounts, as adjusted for additions to or deductions from those accounts.

Life insurance policies are carried at net cash surrender value. Changes in value (realized and unrealized) are recorded in the statements of activities.

Split-Interest Agreements

Split-interest agreements are valued at fair value at the time of donation with a corresponding liability recorded for the present value of the expected payments due to the donors or third-party beneficiary with the difference recorded as contributions in the net asset type based on the donor's restriction. On an annual basis, the Foundation revalues the liability to make distributions to the designated beneficiaries based on actuarial assumptions. Adjustments to reflect the present value of the estimated annuity payments and changes in actuarial assumptions are included in the statements of activities.

SOUTHERN ILLINOIS UNIVERSITY FOUNDATION
NOTES TO FINANCIAL STATEMENTS (Continued)

1. NATURE OF OPERATIONS AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Equipment

Equipment is stated at cost at the date of acquisition or fair value at the date of the donation, less accumulated depreciation. Depreciation is charged to expense using the straight-line method over the estimated useful life of each asset, generally six to 10 years for equipment.

Contributions and Net Assets

Contributions received are recorded as net assets without donor restrictions or net assets with donor restrictions, depending on the existence and/or nature of any donor-imposed restrictions. When a restriction expires (that is, when a stipulated time restriction ends or purpose restriction is accomplished), net assets with donor restrictions are reclassified to net assets without donor restrictions and reported in the statements of activities as net assets released from restrictions. Gifts that depend on the Foundation overcoming a donor-imposed barrier to be entitled to the funds are not recognized until the gift becomes unconditional.

The governing board has designated, from net assets without donor restrictions, net assets for various future potential needs of the Foundation.

Contributed Assets and Services

Real estate and other objectively measurable assets that are available for financial support are recorded at their fair value at the date of contribution. Contributions with donor-imposed stipulations regarding how long the contributed assets must be used are recorded as net assets with donor restrictions; otherwise, the contributions are recorded as net assets without donor restrictions.

Non-monetary assets, art objects, equipment and various services contributed directly to SIU through the Foundation for direct benefit of a University department are not included in the financial statements, although donors receive recognition for such contributions.

The value of contributed services of a number of volunteers is not reflected in the accompanying statements of activities since the services do not meet the necessary criteria for recognition under US GAAP.

Functional Allocation of Expenses

The costs of providing program and other activities have been summarized on a functional basis in the statements of activities. The statements of functional expenses present the natural classification detail of expenses by function. These expenses require allocation on a reasonable basis that is consistently applied. The expenses that are allocated include salaries and benefits, office expenses and travel, which are allocated on the basis of estimates of time and effort.

SOUTHERN ILLINOIS UNIVERSITY FOUNDATION
 NOTES TO FINANCIAL STATEMENTS (Continued)

2. AVAILABILITY AND LIQUIDITY

The following represents the Foundation's financial assets at June 30, 2020 and 2019:

	<u>2020</u>	<u>2019</u>
Financial assets at year end		
Cash	\$ 483,315	\$ 206,886
Pledges receivable, net	5,710,874	5,577,173

Investments held in agency funds	2,600,597	2,822,503
Board designations:		
Amounts set aside for liquidity reserve	7,563,812	8,390,291
Quasi endowment fund, primarily for long-term investing	<u>4,080,875</u>	<u>4,264,662</u>
 Financial assets available to meet general expenditures over the next twelve months	 <u>198,303,967</u>	 <u>198,744,761</u>
 Financial assets available to meet general expenditures over the next twelve months	 <u>\$ 2,726,398</u>	 <u>\$ 2,457,038</u>

The Foundation is substantially supported by restricted contributions. Because a donor's restriction requires resources to be used in a particular manner or in a future period, the Foundation must maintain sufficient resources to meet those responsibilities to its donors. As part of the Foundation's liquidity management, it has a policy to structure its financial assets to be available as its general expenditures, liabilities and other obligations come due. In addition, the Foundation invests cash in excess of daily requirements in short-term investments. Occasionally, the board designates a portion of any operating surplus to its quasi-endowment fund.

SOUTHERN ILLINOIS UNIVERSITY FOUNDATION
 NOTES TO FINANCIAL STATEMENTS (Continued)

3. PLEDGES RECEIVABLE, NET

Pledges receivable, net consisted of the following at June 30, 2020 and 2019:

	<u>2020</u>	<u>2019</u>
Pledges receivable due in		
Less than one year	\$2,908,962	\$2,868,010
One to five years	4,744,977	4,539,336
More than five years	<u>1,000</u>	<u>1,070</u>
Total pledges receivable	7,654,939	7,408,416
Allowance for doubtful accounts	(1,635,874)	(1,521,961)
Discount	<u>(308,191)</u>	<u>(309,282)</u>
Total	<u>\$5,710,874</u>	<u>\$5,577,173</u>

Total prior pledges written off during the years ended June 30, 2020 and 2019, were \$10,328 and \$203,629, respectively, which has been included with management and general expense in the statements of activities. The discount rate used was 5 percent for both 2020 and 2019.

4. ASSETS HELD AND OBLIGATIONS UNDER SPLIT-INTEREST AGREEMENTS

Split-interest agreements are agreements donors enter into whether a trust or other arrangement under which the Foundation is a beneficiary. Charitable remainder trusts are trusts in which the donor or a third-party beneficiary receives distributions and upon the trusts' termination, the Foundation receives the remaining assets. Charitable gift annuities are agreements which the Foundation accepts a contribution and agrees to an obligation to make periodic stipulated payments to donors or third-party beneficiaries for a specified time.

Assets

Assets held under split-interest agreements consisted of the following at June 30, 2020 and 2019:

	<u>2020</u>	<u>2019</u>
Charitable remainder trusts		
Equities	\$1,058,212	\$1,050,050
Real estate funds	27,951	37,285
Natural resources	-	37,708
Fixed income	414,024	397,028
Other	<u>8,609</u>	<u>11,986</u>
	1,508,796	1,534,057

**4. ASSETS HELD AND OBLIGATIONS UNDER SPLIT-INTEREST AGREEMENTS
 (Continued)**

Assets (Continued)

	<u>2020</u>	<u>2019</u>
Charitable gift annuities		
Equities	\$ 290,863	\$ 421,986
Real estate funds	21,206	24,658
Commodities	28,148	49,827
Fixed income	91,402	137,040
Alternative investments	94,459	176,836
Other	44,890	19,626
	<u>570,968</u>	<u>829,973</u>
Total assets under split-interest agreements	<u>\$2,079,764</u>	<u>\$2,364,030</u>

Obligations

On an annual basis, the Foundation revalues the liability to make distributions to the designated beneficiaries based on actuarial assumptions. Adjustments to reflect the present value of the estimated annuity payments and changes in actuarial assumptions are included in the statements of activities. The present value of the estimated future payments as of June 30, 2020 and 2019, was calculated using a discount rate of 0.6 percent and 2.2 percent, respectively, and applicable mortality tables.

Obligations under split-interest agreements consisted of the following at June 30, 2020 and 2019:

	<u>2020</u>	<u>2019</u>
Charitable remainder trusts	\$ 673,436	\$ 699,500
Charitable gift annuities	<u>376,595</u>	<u>440,799</u>
Total obligations under split-interest agreements	<u>\$1,050,031</u>	<u>\$1,140,299</u>

5. BENEFICIAL INTEREST IN PERPETUAL TRUSTS

The Foundation is the beneficiary under four perpetual trusts administered by outside parties. Under the terms of the trusts, the Foundation has the irrevocable right to receive a portion of income earned on trust assets in perpetuity, but never receives the assets held in the trusts. The estimated values of the expected future cash flows were \$1,139,436 and \$1,217,892, which represents the fair value of trust assets at June 30, 2020 and 2019, respectively. The income from these trusts for the years ended June 30, 2020 and 2019 were \$33,921 and \$46,588, respectively.

SOUTHERN ILLINOIS UNIVERSITY FOUNDATION
 NOTES TO FINANCIAL STATEMENTS (Continued)

6. INVESTMENTS IN REAL ESTATE

Gifts of real property received by the Foundation are valued and recorded based on the current fair value on the date received. Values are determined from publications, appraisals and other sources that assist in establishing a fair value.

Investments in real estate consisted of the following at June 30, 2020 and 2019:

	<u>2020</u>	<u>2019</u>
Two parcels of land located in Goreville, Illinois, held for the benefit of two scholarship endowment funds	\$ 55,000	\$ 71,900
100% interest in farmland not held for operational use	<u>396,000</u>	<u>396,000</u>
	<u>\$ 451,000</u>	<u>\$ 467,900</u>

7. LAND AND EQUIPMENT

Land and equipment consisted of the following at June 30, 2020 and 2019:

	<u>2020</u>	<u>2019</u>
Land	\$ 307,216	\$ 307,216
Furniture, fixtures and equipment	1,628,344	1,628,344
Less: accumulated depreciation	(1,288,226)	(1,126,672)
Other	<u>188,876</u>	<u>-</u>
	<u>\$ 836,210</u>	<u>\$ 808,888</u>

8. AGENCY FUNDS PAYABLE

The Foundation entered into an agreement with SIU to administer as agency funds any endowment funds received by SIU. The following summarizes agency funds payable transactions for the years ended June 30, 2020 and 2019:

	<u>2020</u>	<u>2019</u>
Beginning balance	\$ 2,822,503	\$ 2,686,462
Net investment (loss) income	(42,755)	46,583
Payments to SIU	(179,151)	(91,158)
Contributions	<u>-</u>	<u>180,616</u>
Ending balance	<u>\$ 2,600,597</u>	<u>\$ 2,822,503</u>

SOUTHERN ILLINOIS UNIVERSITY FOUNDATION
NOTES TO FINANCIAL STATEMENTS (Continued)

8. AGENCY FUNDS PAYABLE (Continued)

During the year ending June 30, 2020, the Illinois Board of Higher Education (IBHE), the Illinois Student Assistance Commission, and the Illinois Community College Board came together in partnership with the Southern Illinois University Foundation to create the Public University and Community College Student COVID-19 Emergency Fund. The Foundation received the grant funds and disbursed funds according to the IBHE's instructions. Funds were provided as emergency grants/support that students do not have to pay back. Any enrolled part-time or full-time student (undergraduate or graduate) in good standing was eligible. The following summarizes agency funds payable transactions related to this initiative for the year ended June 30, 2020:

Beginning balance	\$ -
Payments to other educational institutions	(650,658)
Contributions	<u>650,658</u>
Ending balance	<u>\$ -</u>

9. NET ASSETS

With Donor Restrictions

At June 30, 2020 and 2019, net assets with donor restrictions were as follows:

	2020	2019
Subject to expenditure for specified purpose		
Student assistance	\$ 8,245,621	\$ 6,969,403
University and community programs	5,002,894	4,858,696
Academic and research support	21,855,612	19,723,620
Promises to give, the proceeds from which have been restricted by donors for:

Net Assets Released from Restrictions

Net assets were released from donor restrictions by incurring expenses satisfying the restricted purposes or by occurrence of other events specified by donors. During the years ended June 30, 2020 and 2019, net assets were released from donor restrictions as follows:

	<u>2020</u>	<u>2019</u>
Satisfaction of purpose restrictions		
Student assistance	\$ 3,735,919	\$ 3,211,038
University and community programs	2,906,173	3,356,556
Academic and research support	3,377,719	3,279,409
Distributions		
Supplement fee	785,124	700,539
Endowment fee	1,762,375	1,360,496
Total	<u>\$ 12,567,310</u>	<u>\$ 11,908,038</u>

10. ENDOWMENTS

The Foundation's endowments consisted of approximately 1,100 individual funds established for a variety of purposes. The endowment includes both donor-restricted endowment funds and funds designated by the governing body to function as endowments (board-designated endowment funds). As required by US GAAP, net assets associated with endowment funds, including board-designated endowment funds, are classified and reported based on the existence or absence of donor-imposed restrictions.

The Foundation's governing body is subject to the State of Illinois Uniform Prudent Management of Institutional Funds Act (UPMIFA) and, thus, classifies amounts in its donor-restricted endowment funds as net assets with donor restrictions because those net assets are time restricted until the governing body appropriates such amounts for expenditure. Most of those net assets are also subject to purpose restrictions that must be met before reclassifying those net assets to net assets without donor restrictions. Additionally, in accordance with UPMIFA, the Foundation considers the following factors in making a determination to appropriate or accumulate donor restricted endowment funds:

1. Duration and preservation of the fund
2. Purposes of the Foundation and the fund
3. General economic conditions
4. Possible effect of inflation and deflation
5. Expected total return from investment income and appreciation or depreciation of investments
6. Other resources of the institution
7. Investment policies of the Foundation

SOUTHERN ILLINOIS UNIVERSITY FOUNDATION
NOTES TO FINANCIAL STATEMENTS (Continued)

10. ENDOWMENTS (Continued)

Underwater Endowments

From time to time, the fair value of assets associated with individual donor-restricted endowment funds may fall below the level the Foundation is required to retain as a fund of perpetual duration pursuant to donor stipulation or UPMIFA. Deficiencies of this nature exist in 131 and 20 donor restricted endowment funds, which together have an original gift value of \$21,756,750 and \$5,365,107, and a deficiency of \$734,427 and \$81,862 as of June 30, 2020 and 2019, respectively. These deficiencies resulted from unfavorable market fluctuations that occurred after investment of new permanently restricted contributions and continued appropriation for certain purposes that was deemed prudent by the Foundation's board of directors.

The Foundation has adopted investment and spending policies for endowment assets that attempt to provide a predictable stream of funding for programs and other items supported by its endowment while seeking to maintain the purchasing power of the endowment. Endowment assets include those assets of donor restricted endowment funds the Foundation must hold in perpetuity or for donor specified periods, as well as those of board-designated quasi endowment funds. Under the Foundation's policies, endowment assets are invested in a manner that is intended to produce results that seek an average total annual return of spending net of inflation and administrative cost. The Foundation expects its endowment funds to provide an average rate of return of approximately 7 percent annually over time. Actual returns in any given year may vary from this amount.

To satisfy its long-term rate of return objectives, the Foundation relies on a total return strategy in which investment returns are achieved through both current yield (investment income such as dividends and interest) and capital appreciation (both realized and unrealized). The Foundation targets a diversified asset allocation that places a greater emphasis on equity-based investments to achieve its long-term return objectives within prudent risk constraints.

The Foundation's board of directors has adopted a spending policy to determine the spending distribution. This approach takes into consideration the duration and preservation of the endowments, purpose of the endowment funds, general economic conditions, the possible effect of inflation or deflation, expected total return from income and the investment policy.

The spending distribution calculation is a five-year average of the endowment pool's ending balance as of December 31 multiplied by a spending rate which considers the long-term investment performance estimate of the pool less the consumer price index. The Foundation has a policy that permits spending from underwater endowment funds depending on the degree to which the fund is underwater, unless otherwise precluded by donor intent or relevant laws and regulations. The governing board appropriated for expenditure \$1,076,171 and \$0 from underwater endowment funds during the years ended June 30, 2020 and 2019, respectively.

SOUTHERN ILLINOIS UNIVERSITY FOUNDATION
NOTES TO FINANCIAL STATEMENTS (Continued)

11. FEES

Endowment Fee

The Foundation receives up to a 1.5 percent fee on endowment funds which is distributed annually on July 1, by using the fair value of the pool as of the prior December 31. For the years ended June 30, 2020 and 2019, the fee was \$1,847,442 (1.40 percent) and \$1,424,067 (1.02 percent), respectively.

Supplement Fee

Beginning July 1, 2004, SIU and the Foundation assessed a 6 percent supplement fee on gifts of cash and securities. Five percent is retained by SIU or the Foundation for support of the strategic initiative to increase private support. The remaining 1 percent is provided to the college/department for which the contribution was restricted to support their advancement efforts. For the years ended June 30, 2020 and 2019, the Foundation's portion of the supplement fee was \$785,124 and \$700,539, respectively.

12. RELATED PARTY TRANSACTIONS

The Foundation has entered into a master contract with the Board of Trustees of SIU which specifies the relationship between the two organizations in accordance with the *Legislative Audit Commission's University Guidelines*, 1982 and last amended in 2014. Among the provisions of the contract is a requirement that the Foundation and SIU will provide services to each other to be reimbursed on an actual cost basis up to approved budgetary limits. For the years ended June 30, 2020 and 2019, the Foundation provided fundraising services for the benefit of SIU with a portion of the Foundation's fundraising costs being reimbursed by SIU through in-kind payment. These amounts are reflected as Transfer from affiliates - support service revenue and the expenses have been allocated among the support services expenses in the accompanying statements of activities.

In accordance with its corporate purposes, the Foundation solicits and accepts contributions for the benefit of SIU. Contributions are recorded as revenue and held in a restricted net asset class until the funds are used in the form of scholarships, cash grants or expenditures for the benefit of SIU. The Foundation also receives contributions of certain non-cash assets which are recorded as revenue and then, at the Foundation's discretion, transferred to SIU.

For the years ended June 30, 2020 and 2019, the Foundation paid \$134,892 and \$112,950, respectively, to the Association of Alumni, Former Students and Friends of Southern Illinois University (Association) to assist the Association in its support for SIU, relating primarily to the cost of printed materials distributed by the Association. For the years ended June 30, 2020 and 2019, the Association also granted \$123,102 and \$115,021, respectively, to various Foundation restricted accounts. In addition, for the years ended June 30, 2020 and 2019, the Foundation received \$50,000 for each year as support service revenue. These amounts are reflected as Transfer from affiliates - support service revenue in the accompanying statements of activities.

SOUTHERN ILLINOIS UNIVERSITY FOUNDATION
 NOTES TO FINANCIAL STATEMENTS (Continued)

12. RELATED PARTY TRANSACTIONS (Continued)

For the years ended June 30, 2020 and 2019, the Foundation also received several grants from SIU totaling \$11,836 and \$12,891, respectively.

Transactions with the University as of and for the years ending June 30, 2020 and 2019 were as follows:

As of and for the Year Ending June 30, 2020					
SIU Foundation	Southern Illinois University				
	Due from SIUF	Due to SIUF	Operating Expenses	Non-operating Revenues	
Accounts payable and other liabilities	\$ 20,592	\$ -	\$ -	\$ -	-

Operating revenue - transfer from affiliate	-	-	3,500,989	-	-
Operating expense	-	-	-	11,958,251	-

Current and former members of the Foundation's board of directors (or their family members or related entities) occasionally may sell goods or provide services to the Foundation. Any such goods or services are furnished at market rates, properly recorded in the statements of activities and are not material for the years ended June 30, 2020 or 2019.

13. LEASES

A noncancelable software lease for subscription services for fundraising purposes expires in 2021. Expense related to this lease for the years ended June 30, 2020 and 2019 was \$115,863 and \$105,591, respectively.

A noncancelable software and equipment lease for fundraising purposes expires in 2021. Expense related to this lease for the years ended June 30, 2020 and 2019 was \$242,075 and \$228,975, respectively.

Future minimum lease payments under these operating leases are:

Year Ending June 30,	Amount
2021	\$ 268,018

SOUTHERN ILLINOIS UNIVERSITY FOUNDATION
NOTES TO FINANCIAL STATEMENTS (Continued)

14. DISCLOSURES ABOUT FAIR VALUE OF ASSETS AND LIABILITIES

The Foundation measures fair value using a three-level hierarchy for fair value measurements based upon the transparency of inputs to the valuation of an asset or liability. Inputs may be observable or unobservable and refer broadly to the assumptions that market participants would use in pricing the asset or liability. Observable inputs reflect the assumptions market participants would use in pricing the asset or liability based on market data obtained from sources independent of the reporting entity. Unobservable inputs reflect the reporting entity's own assumptions about the assumptions that market participants would use in pricing the asset or liability developed based on the best information available in the circumstances.

The objective of a fair value measurement is to determine the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Fair value measurements must maximize the use of observable inputs and minimize the use of unobservable inputs. There is a hierarchy of three levels of inputs that may be used to measure fair value.

- Level 1** Valuations based on unadjusted quoted prices in active markets for identical assets or liabilities that the Foundation has the ability to access as of the measurement date.
- Level 2** Valuations based on quoted prices, that are observable for the asset or liability either directly or indirectly, including inputs from markets that are not considered to be active.
- Level 3** Valuations based on inputs that are unobservable. Unobservable inputs reflect the Foundation's own assumptions about the factors market participants would use in pricing an investment, and is based on the best information available in the circumstances.

*Certain investments that are measured at fair value using the Net Asset Value (NAV) per share (or its equivalent) practical expedient have not been classified in the fair value hierarchy (Levels 1, 2 or 3). The fair value amounts included above are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statements of financial position.

**Money market funds are recorded at cost and are not based on Level 1, 2, or 3 inputs.

Following is a description of the valuation methodologies and inputs used for assets and liabilities measured at fair value on a recurring basis and recognized in the accompanying statements of financial position, as well as the general classification of such assets and liabilities pursuant to the valuation hierarchy. There have been no significant changes in the valuation techniques during the years ended June 30, 2020 and 2019.

SOUTHERN ILLINOIS UNIVERSITY FOUNDATION
NOTES TO FINANCIAL STATEMENTS (Continued)

14. DISCLOSURES ABOUT FAIR VALUE OF ASSETS AND LIABILITIES (Continued)

Investments

Where quoted market prices are available in an active market, investments are classified within Level 1 of the valuation hierarchy. If quoted market prices are not available, then fair values are estimated by using quoted prices of investments with similar characteristics or independent asset pricing services and pricing models, the inputs of which are market-based or independently sourced market parameters, including, but not limited to, yield curves, interest rates, volatilities, prepayments, defaults, cumulative loss projections and cash flows. Such investments are classified in Level 2 of the valuation hierarchy. In certain cases where Level 1 or Level 2 inputs are not available, investments are classified within Level 3 of the hierarchy.

Assets Held Under Split-Interest Agreements

The values of assets held under split-interest agreements are valued using quoted market prices that are available in an active market and are included as a Level 1 in the valuation hierarchy. Other assets held under split-interest agreements are measured at fair value using the NAV per share (or its equivalent) practical expedient.

Beneficial Interest in Perpetual Trusts

The values of beneficial interest in perpetual trusts are derived from the underlying investments of the trusts. The value of those investments are determined in the same manner as investments described above. The Foundation considers the measurement of its beneficial interest in perpetual trusts to be a Level 3 measurement within the hierarchy because even though the measurement is based on the unadjusted fair value of the trusts assets reported by the trustee, the Foundation will never receive those assets or have the ability to direct the trustee to redeem them.

The following table presents a reconciliation of Level 3 assets measured at fair value on a recurring basis for the years ended June 30, 2020 and 2019.

	2020	2019
Balance, beginning of the year	\$ 1,217,892	\$ 1,112,549
Total gains (losses) included in change in net assets	<u>(78,456)</u>	<u>105,343</u>
Balance, beginning of the year	<u>\$ 1,139,436</u>	<u>\$ 1,217,892</u>

SOUTHERN ILLINOIS UNIVERSITY FOUNDATION
 NOTES TO FINANCIAL STATEMENTS (Continued)

14. DISCLOSURES ABOUT FAIR VALUE OF ASSETS AND LIABILITIES (Continued)

Liabilities Under Split-interest Agreements

The Foundation has elected to measure any existing obligation under split-interest agreements at fair value. To better match the estimated cash flows of the obligation under split-interest agreements, the Foundation changes the present value of annuity rate to better align with the current distribution when calculating the present value of annuities. Such obligations are classified in Level 2 of the valuation hierarchy.

Alternative Investments

The fair value of the alternative investment funds is based on available information and does not necessarily represent amounts that might ultimately be realized, which depends on circumstances and cannot be reasonably determined until the investment is actually liquidated. The fair value may differ significantly from the values which would have been used had a ready market for the funds existed. The fair value of alternative investments has been estimated using the NAV per share of the investments. Alternative investments held at June 30, 2020 and 2019 consisted of the following:

	Fair Value		Unfunded Commitments at June 30, 2020	Unfunded Commitments at June 30, 2019	Redemption Frequency (If (Currently Eligible)	Redemption Period
	2020	2019				
Hedge Funds (A)	\$ 2,429,418	\$ 5,525,964	\$ -	\$ -	- Ranges between not available to a redemption date at the discretion of the general partner	Ranges between not available to a redemption date at the discretion of the general partner

Total	<u>\$ 48,213,450</u>	<u>\$ 52,598,205</u>				

- (A) Hedge funds invest in diversified portfolios designed to provide a less correlated source of return than fixed income and equity strategies. The strategy is implemented with a wide array of financial instruments, both domestic and global, including equities, fixed income and derivatives. Managers may leverage portfolios, sell financial instruments short and/or invest selectively in illiquid investments.
- (B) Leveraged loans invest in senior loans. Senior loans are loans made to corporations, partnerships and other entities that typically hold the most senior positions in the borrower's capital structure.
- (C) Private equities invest in equity securities of operating companies that are not publicly traded on a stock exchange. The strategy is to assemble a portfolio of funds managed by tenured distressed managers, representing a full spectrum of distressed investment approaches, including short-term and medium-term trading securities, taking an influencing role in the reorganization process, investing for control in the class of securities to affect the reorganization process or to acquire the issuer.
- (D) Distressed debts invest in Mezzanine capital. Mezzanine capital refers to a subordinated debt or preferred equity instrument that represents a claim on a company's assets. The strategy is to make investments in middle market companies that have demonstrated an ability to generate stable and measurable cash flows.
- (E) Alternative strategies invest in a combination of hedge funds, leveraged loans, private equities and distressed debt.

SOUTHERN ILLINOIS UNIVERSITY FOUNDATION
NOTES TO FINANCIAL STATEMENTS (Continued)

14. DISCLOSURES ABOUT FAIR VALUE OF ASSETS AND LIABILITIES (Continued)

Alternative Investments (Continued)

- (F) Real estate funds include funds that invest primarily in U.S. commercial real estate, but also includes real estate funds focused on global listed real estate securities. The real estate exposure can include both publicly traded Real Estate Investment Trust (REIT) funds and private partnerships. Publicly traded REIT funds have daily liquidity. The typical life of a partnership is 10 years but is subject to extensions.
- (G) Commodities include funds that invest in natural resources such as commodities and MLPs. MLPs are Master Limited Partnerships that are partnerships that derive most of their cash flows from real estate, natural resources and commodities.
- (H) Domestic equities include investments held in mutual funds, exchange-traded funds, partnerships and limited liability companies located in the U.S.
- (I) International equities include investments held in limited liability companies located outside of the U.S.
- (J) Emerging market funds invest the majority of their assets in securities from countries with developing economies.

15. SIGNIFICANT ESTIMATES AND CONCENTRATIONS

US GAAP requires disclosure of certain significant estimates and current vulnerabilities due to certain concentrations. Those matters include the following:

Pledges Receivable

Two donors made up approximately 32 percent and 37 percent, respectively of the June 30, 2020 and 2019 gross outstanding pledges receivable.

16. RISKS AND UNCERTAINTIES

In early March 2020, the COVID-19 virus was declared a global pandemic, and it continues to spread rapidly. Business continuity, including supply chains and consumer demand across a broad range of industries and countries could be severely impacted for months or more, as governments and their citizens take significant and unprecedented measures to mitigate the consequences of the pandemic. Management is carefully monitoring the situation and evaluating its options during this time. No adjustments have been made to these financial statements as a result of this uncertainty.

SOUTHERN ILLINOIS UNIVERSITY FOUNDATION
NOTES TO FINANCIAL STATEMENTS (Continued)

17. FUTURE CHANGES IN ACCOUNTING PRINCIPLES

Revenue Recognition

The Financial Accounting Standards Board (FASB) amended its standards related to revenue recognition. This amendment replaces all existing revenue recognition guidance and provides a single, comprehensive revenue recognition model for all contracts with customers. The guidance provides a five-step analysis of transactions to determine when and how revenue is recognized. Other major provisions include capitalization of certain contract costs, consideration of the time value of money in the transaction price and allowing estimates of variable consideration to be recognized before contingencies are resolved in certain circumstances. The amendment also requires additional disclosure about the nature, amount, timing and uncertainty of revenue and cash flows arising from customer contracts, including significant judgments and changes in those judgments and assets recognized from costs incurred to fulfill a contract. The standard allows either full or modified retrospective adoption. The standard is effective for the Foundation for the fiscal year beginning July 1, 2020. The Foundation is in the process of evaluating the impact the amendment will have on the financial statements.

Accounting for Leases

The FASB amended its standard related to the accounting for leases. Under the new standard, lessees will now be required to recognize substantially all leases on the statement of financial position as both a right-of-use asset and a liability. The standard has two types of leases for statement of activity recognition purposes: operating leases and finance leases. Operating leases will result in the recognition of a single lease expense on a straight-line basis over the lease term similar to the treatment for operating leases under existing standards. Finance leases will result in an accelerated expense similar to the accounting for capital leases under existing standards. The determination of lease classification as operating or finance will be done in a manner similar to existing standards. The new standard also contains amended guidance regarding the identification of embedded leases in service contracts and the identification of lease and non-lease components in an arrangement. The standard is effective for the Foundation for the fiscal year beginning July 1, 2022. The Foundation is evaluating the impact the standard will have on the financial statements.

18. SUBSEQUENT EVENTS

Subsequent events have been evaluated through October 26, 2020, which is the date the financial statements were available to be issued. See also Note 16.
